2023 WAS A YEAR OF GROWTH. In a year where we saw the number of refugees and immigrants we work with increase by 150 people, with **over twice as many visits to our Community Center**, life felt gloriously full of both new relationships and a steady, wonderful community.

To see the wide variety of visits to our office—some bringing joy and laughter, some bringing challenges and tears, **but all met with love**—is to see what it means to be a family. We have also seen that as we have grown, your support has also grown. This gives us courage, strength, and joy to know that Missoula will be able continue to do the very important work of welcoming for years to come.

We are excited to show you, through our 2023 Impact Report, what your incredible support has meant to us and the refugee and immigrant families we work with. You will also find an expanded version on our website. As always, don't be afraid to get in touch with any thoughts or questions of your own. We all get to build this welcome together!

In love and gratitude,
